INTRO CHANGES

(same as v1)
There are so many things we're needing
Have to get them, cannot give them up to You
What if we do let go? We are not told
And never know if we will get them back from You

CHORUS

Bm F#
What if we laugh at what we were so sure of?
Em G A
What if we cry to see the road we almost took?
Bm F#
What if we give it up and never get it back,
Em7 G A Em G A
But we get something better than, something better than...that?
